

# FROM "MIAMI NICE" TO BREAST CANCER AWARENESS ADVOCACY

Author Raining Deer spent years as publicist to star of television and film, Philip Michael Thomas. But the glitz and glam came to a screeching halt when she was stricken with breast cancer. Now she's traveling the country to tell her story of tragedy and triumph a la *Tea Parties for Breast Cancer Awareness* and through her advocacy books, *10 Tips to Avoid Breast Cancer*, and *BCV – Rites of Passage for Breast Cancer Victors*.
